Skills

Ruby on Rails, CSS, HTML, SQL, Javascript, Mongo, Mustache, Node, API Construction, Agile Development, Test Driven Development, Github

Relevant Experience

The Iron Yard | Durham, NC

2017

The Iron Yard is a 12-week immersive coding bootcamp specializing in programming language fluency, object-oriented programming, and project-based learning. During the program, I became fluent in Ruby, HTML, CSS, Javascript, Node, Mongo, and PostgreSQL.

- [Recipe Box](#)

A website that allows a user to log-in and access an index of recipes created by all members of the site. Members can add recipes and amend ingredients or cooking instructions. This app was built with Ruby on Rails and PostgreSQL.

- [Responsive Format Website](#)

A website that shows multiple breakpoints when the screen is resized.

- [Customer Database Display](#)

An application created to help businesses view their customer base and their associated indicative data. This was built using an API fetch, JS, HTML, and CSS.
